General Comment

To Whom it may concern,

This rule does nothing more than take the freedom I hold dear as a citizen of the United States of America.

When people get their life savings wiped out and have to go back to work just so they don't become homeless has a profound effect. Taking away the right to trade options just so people can put food on the table or as in my case an unemployed Contractor and with a daughter who has a brain tumor in which her health insurance does not cover all expenses for her care, trading options has helped cover these costs' and helped put food on the table.

Please don't take my ability to pay my bills and care for my family.

Thank You
